

Brightlingsea-One-Design. "Janice" C44 for Sale

Classic 18ft clinker built racing/dayboat, 3/4 decked, Bermudan-rigged. Originally built in 1955 by James & Stone of Brightlingsea. Now completely rebuilt to latest class spec. by Rob Maloney of Wivenhoe using the West Epoxy coating system inside and out as developed and used on many recent BOD rebuilds giving low maintenance and long further life.

The rebuild incorporates many improvements allowed within the class spec. i.e. buoyancy, stainless steel rudder blade, new strengthened c/board case and more.

The rebuild was completed in late 2015 and survey carried out by Colne Yacht Surveys Ltd. A good photographic history of the rebuild is available with above survey report.

"Janice" was sailed in the 2017 Pyfleet Week and came 16th in a fleet of 30+ BODs. First time sailed since rebuild*** There is a large fleet sailing regularly at Brightlingsea now.

"Janice" is currently dry stored and is still in as new/rebuilt condition with modern alloy mast and good set of sails and rigging.

She is available with road trailer if required and is ready to sail with little to do.

£15,000
