

FOR SALE “Wheezy Anna” CK88

Wheezy Anna is one of a few Mersea ‘winklebrigs’, which was worked and later restored for racing with the MFOBs.

Built in 1925 by Kidby’s of Brightlingsea for Jack Mole, she featured in John Leather’s book ‘The Salty Shore’ which explains how she got her name.

She passed to the Clarke family, and was working up until the early 1960’s. She was first restored by Peter Clarke, and then again in 2004 by Gerard Swift.

A lovely brig to sail and race, approx. LOA. 15’00
